

## Grandstand Media Ltd

Site Location: Harpenden, Hertfordshire

Contract Value: £50,000

Grandstand Media decided to move from their premises in Wembley to the new cutting edge office facility at Waterside, Harpenden.

It was important to create an attractive work environment for the staff. By careful design and interaction an optimum layout was achieved. It also provided potential to increase staff by up to 33½% and also increase the storage requirement.

The staff has reported they are happy in their bright new offices and the company continues to trade successfully.

" We had chosen Storax because their design and products offered seemed the best value for money. I am pleased to report we were pleased with the operation through all the stages up to completion of the contract. I am delighted to report we moved in on time and are happy in the new environment created."

Mark Weir  
Director  
Grandstand Media Ltd
